Polyethylene Perspectives

A closer look at the latest solutions, products and events featuring polyethylene

Issue 27 | March 2023

Innovative solutions

Extend the limits of stiffness and toughness of industrial packaging with Exceed™ S performance polyethylene

Creating tougher, thinner industrial films often requires sacrifices in conversion efficiency. What if your resin did more? Exceed S resins deliver simplicity as well as high performance, easy processing and an exceptional balance of stiffness and toughness.

Value chain collaborations

PE rich pouches for edible oil with improved recyclability* and uncompromising package functionality

A collaboration between ExxonMobil and value chain members has resulted in the creation of a > 95% PE edible oil package, with high oxygen barrier & outstanding package integrity with an exceptional balance of stiffness and toughness.

Industry events

Visit us at ChinaPlas 2023!

Come and visit us at Booth J61 in Hall 17 to discover how our performance polymers are helping our customers create solutions with sustainability benefits that are making life better. Attend our informative technology talks and engage with our product experts to find out how we can add value to your business with our flagship products.

[Learn more](#)

Industry events

Join us at Interpack 4-10 May 2023 in Düsseldorf.

Drop by and discover more about our packaging solutions with sustainability benefits on display at the show.
